

JEAN MARIE NTSAMA

Philosopher of Language • Cognitive Scientist • AI-Augmented Learning Researcher

Research Profile

Specialized in modeling language–thought dynamics within AI-enhanced learning environments. Developer of the Cognitive Trapeze Model, a conceptual and computational framework for understanding cognitive evolution in multilingual and digital contexts. Strong background in pedagogy, educational innovation, digitalization, and Africa–Europe collaborative projects.

EDUCATION

- PhD in Philosophy – University of Yaoundé I, Cameroon (2022). Thesis: Language–thought interrelations and pedagogical implications.
- Master II in Philosophy of Science and Language – University of Yaoundé I, Cameroon (2011).
- BA in Modern French Letters & BA in Philosophy – University of Yaoundé I, Cameroon.
- DIPES I & II – Secondary Education Teacher Certification, Cameroon.

PROFESSIONAL EXPERIENCE

- Teacher of Philosophy & French – Lycée Technique Bilingue de Ngaoundéré, Cameroon (2022 – Present).
- Lecturer – IAI Cameroon (2015 – 2017).
- Head of IT Unit & SIGIPES Relay Center – DRES Adamaoua, Ministry of Secondary Education, Cameroon (2016 – 2022). Developed SPS DRES-AD, a digital platform for educational management.
- Founder of IA4ZEP – AI for Priority Education Zones (2020 – Present). Leading AI-supported pedagogy, teacher training, and digital inclusion in priority education zones.
- Volunteer & Leadership – GIZ Youth Empowerment Program & AIESEC (2018). Leadership roles and community engagement.

RESEARCH PROJECTS

- MSCA Project – Cognitive Trapeze (2026). Modeling Language–Thought Dynamics in AI-Augmented Learning. Focus on ethical AI frameworks, cognitive science innovation, multilingual digital literacies, inclusive learning, and Europe–Africa capacity building. Structured around 4 Work Packages (Theory, Empirical Studies, Computational Modeling, Dissemination).

- IA4ZEP – AI for Priority Education Zones (2020 – Present). AI-supported pedagogy, differentiated learning, and cognitive scaffolding. Pilot implementation in 5 secondary schools in the Adamaoua region (Cameroon).

SELECTED PUBLICATIONS

- Origine du langage : de la phylogenèse à l'ontogenèse – Éditions Universitaires Européennes (EUE), 2013.
- Problématique des troubles de langage et apport de la pédagogie – Éditions Universitaires Européennes (EUE), 2013.
- Étude des interrelations entre langage et pensée – Éditions Francophones Universitaires d'Afrique (EFUA), 2021.
- Web social, didactique et littératies numériques : situation d'une zone d'éducation prioritaire – Revue Ifrikiya — Sciences du Langage, 2023.

TECHNICAL & ACADEMIC SKILLS

- Technical: HTML, CSS3, Python, PHP, C++, Cybersecurity, Network Administration, Software Development.
- Academic: Cognitive Modeling, Conceptual Analysis, AI-Augmented Pedagogy, Qualitative & Quantitative Research.
- Soft Skills: Leadership, Project Management, Multicultural Teamwork, Creativity, Communication.

LANGUAGES

- French – Native.
- English – Fluent (C1).
- Japanese – Beginner.
- German – Beginner.
